

Slide 1

Slide notes: There are 3 User Codes in the system that are reserved. The 1st one we look at is user "dm". This user Code is a standard User Code with the D3 database and with IES. When you 1st install your system, you will use this User Code to log on and make your own User Codes. Thereafter, use of this User Code should be discontinued from general use, and the User Code should not be amended or deleted.
